

CHURCHMAN WILL COOK GOES TO ST. LOUIS; AROUSSES GOSSIPS

One Report Has Manager Summoned to "Get Busy or Get Out."

HUGHES SILENT ON REPORT

More Enthusiasm Said to Be Needed Among German-American Element.

ST. LOUIS, Sept. 3.—Two widely different interpretations were placed here today on the sudden visit to St. Louis of William R. Wilcox, chairman of the Republican national committee, and his all-day conferences with Charles E. Hughes.

One report widely circulated was that Candidate Hughes had summoned his campaign manager to St. Louis to tell him to "get busy or get out."

Another explanation of the Wilcox visit was that he came to St. Louis to induce the Missouri Republican State committee to put more "pep" into their campaign owing to the large German-American element in St. Louis, and the large part international issues are playing in the Missouri campaign.

Those holding the view that Candidate Hughes is displeased with the campaign as it has been conducted by his national chairman predicted that Wilcox would be displaced as head of the national committee within a few weeks by Frank H. Hitchcock, who lately has been called into service as one of the Hughes campaign managers.

Wilcox Denies Report.
Chairman Wilcox denied these reports when his attention was called to them. He ridiculed statements that a movement was on foot to freeze him out. Mr. Hughes would not discuss the report. Members of the party with Hughes on the Pacific coast trip expressed impatience with the way the campaign has been conducted, but would not discuss the report that Mr. Hughes had summoned Wilcox to St. Louis to "get down to brass tacks."

No formal statement was made either by Candidate Hughes or Chairman Wilcox after their prolonged conferences on campaign matters.

In three speeches yesterday Republican Nominee Hughes formed among his American friends, told business men he was in favor of more specific legislation, and emphatically asserted he was not too proud to fight to maintain honest prices.

TO SEARCH CAVERNS FOR MURDERED MAN

Hundred River Caves to Be Entered for Body of Kentuckian.

LEXINGTON, Ky., Sept. 3.—Investigation into the assassination of Samuel W. Bedford, a wealthy insurance man, who disappeared February 18, will be undertaken by R. A. Young, a Chicago detective. Several fraternal insurance companies in which Mr. Bedford was insured are behind the search.

Claude Harris, sixteen years old, is in jail at Nicholasville, where he will be held as a witness until five men whom he names can be found. According to the story told by the boy, Kurt Feint, a lodging house man, admitted in the boy's presence that he had seen Mr. Bedford murdered in a poolroom near his bridge, and that he had written an insurance policy, but the men who killed him believed him to be a revenue officer.

The body was then made away with, but Feint did not learn where it was hidden. Search will be made of more than 100 small caverns which line the Kentucky river cliffs at High Bridge. Mr. Bedford's watch chain was found near one of the caverns a few days ago, and later shots were fired at searchers in that vicinity.

JOHN D. OFTEN TAKES ROUGH PATH, HE SAYS

Rockefeller Tells Preacher He Follows Sense of Duty.

CLEVELAND, Sept. 2.—John D. Rockefeller sometimes follows the most difficult of two paths because he believes the one he selects is in his line of duty. The oil magnate made this statement here after listening to a sermon on "Why Men Fail," by Dr. Johnston Myers, of Chicago, at Euclid Avenue Baptist Church.

In his sermon, Dr. Myers said that Moses was offered riches and a life of ease, but decided that he would come closer to God by following a more difficult road. By doing so, he eventually achieved success, the minister said.

Two Hurt When Wagon Crashes Into Automobile

NEW ORLEANS, La., Sept. 3.—George St. Germain, thirty years old, and Ben DuBarry, twenty-five, were badly hurt tonight when their automobile was knocked into a ditch by a furiously driven wagon.

The wagon driver continued on his way down the road, without waiting to ascertain the extent of the damage.

BRIDE AND GROOM TELL OF ELOPEMENT

Miss Ethel M. Cohill and Clarence H. Sorrell Married in Alexandria Last May.

Friends of Miss Ethel Minerva Cohill and Clarence Holden Sorrell were surprised today to learn of their marriage in Alexandria, on May 24. The couple, together with W. Walter Sorrell, the bridegroom's brother, who attended the wedding, kept their secret guarded from their closest friends for more than three months.

Announcement of the wedding was made today by Mrs. Mary E. Cohill, with whom the bride lives at 1006 D street southeast. The ceremony was performed in the parsonage of the Second Baptist Church, in Alexandria, by the Rev. Oscar Triplett, and was witnessed by the bridegroom's brother, who acted as best man, and a friend of the officiating minister.

Sorrell is a popular local building contractor and former inspector for the Health Department. He resigned from the District government on May 15. Both of the contracting parties are well known in local church circles, and are noted for their musical gifts.

TWELVE ARE HURT IN TRAIN WRECK

Passenger "Ditched" Near Grand Rapids by Broken Rail.

GRAND RAPIDS, Mich., Sept. 3.—Twelve persons were injured, one seriously, when Mackinaw-Chicago train No. 18, on the Grand Rapids and Indiana railroad, was derailed seven miles north of Kalkaska.

The wreck, according to the train dispatcher, was caused by a broken rail. One steel coach tipped over on its side.

Expect China to Become Seat of Trade Struggle

TOKYO, Sept. 3.—After the European war China will become the center of the economic rivalry of European nations, in the opinion of Baron Sakatani, Japan's delegate to the Allies' Economic Conference. He expressed this view in a report on economic conditions in Europe, which he has just sent to the government.

Some of the prominent business men and economists of France agree that many years must elapse before normal conditions may be restored in Europe, the report declares. "In order to repair their broken fortunes in the western world, the eyes of western nations will be turned to the Far East."

HAY'S HAIR HEALTH DARKENED HER GRAY HAIR

Used by Mrs. Zilgens Because So Easy and Safe—and Not a Dye.

"My hair was getting so gray. I was ashamed of it. I also had a great deal of dandruff. Some one recommended your HAY'S HAIR HEALTH—and I can truthfully say that at the end of one week, the dandruff had quite disappeared and my hair had become a dark natural color again just as I was so anxious for it to be, and no one knew I was using anything. I was careful to use regularly each night. I am glad to recommend it to any one needing a good hair tonic."

PRESS OF GERMANY WATCHING HUGHES

Suspicious of Roosevelt's Advocacy But Believe He Would Be "Reasonable."

NEW YORK, Sept. 3.—The press of Germany continues to feature news received from German correspondents in this country concerning the campaign for the Presidency.

The Weiser-Zeitung, of Bremen, on July 30 last printed a long article signed "V. S.," supposed from George Von Skak, a former managing editor of the New York Staats-Zeitung, in which it is asserted that Colonel Roosevelt is "played out" and has committed "political suicide" by refusing the Progressive nomination for the Presidency.

The correspondent of the Cologne Gazette of July 28 refers to President Wilson's "offenses against international law," and adds that the only battle cry the President has left is "hyphenism," and that as he utters this cry he is accompanied by such "slaves of England" as the New York Times, the New York World, the New York Tribune, the New York Evening Post, and "some British aristocrats on the New England coast."

In another article in the Cologne Gazette the correspondent says, "Judging from his course as governor of New York, Mr. Hughes 'has learned a good deal from Germany,' especially as regards capital economic life."

Had the United States during the last two years been governed by such a man as Mr. Hughes, the correspondent observes, "the international spectrum would today show another series of colors, and the country would have been spared the humiliation to which it now finds itself exposed."

Thunderous Applause for Germans.
At the Chicago Convention the writer refers to the speech of Senator Harding of Ohio, who as chairman enumerated "the nations who have contributed to the American nation."

When Senator Harding mentioned "the sons of England and France" the audience responded with silence, he says, but when Senator Harding mentioned the Germans there was "thunderous applause."

The Berlin Boersen-Zeitung of July 21 contains an unsigned contribution attacking Mr. Roosevelt for his views on hyphenated Americans. Another article in the same paper, the issue of July 23, says, all the German-Americans are indignant at the suspicion being cast on them or on their country.

RAILROAD OPERATES SCHOOL ON WHEELS

Southern Pacific Has System of Instruction for Children of Employees.

SAULT LAKE, Utah, Sept. 2.—A school on wheels is operated on the rails of the Southern Pacific Company.

In an extra section gang under Foreman Taft, who has a crew of fifty men on Superintendent Whalen's Los Angeles division, there are twenty-five or more children who are being taught daily in a box car which has been fitted up with benches.

They have a teacher who instructs them daily in English and Spanish and in primary work. The results, thus far, have not only been satisfactory, but the class of men in the gang remains high. As the gang moves along from place to place so does the school car, and the children never have to miss a day's attendance.

Superintendent Whalen has now made arrangements to obtain an old passenger coach, which will be fitted up with benches and blackboards and will be easier to heat, expecting in this way to improve materially the conditions in this unique schoolroom. He has, furthermore, arranged to fit up a hospital car for the women and children in the camp who become ill.

NEW DIMES WILL BE READY THIS MONTH

250,000 Coined Daily at Philadelphia Mint.

PHILADELPHIA, Sept. 3.—Orders for the newly designed 10-cent piece are being received daily at the United States mint here, but the coins will not be placed in circulation before the 15th of this month.

Two hundred and fifty thousands of the new coins are coined daily. 150 men were employed exclusively in this work, Adam M. Joyce, the superintendent, said today that 10,000,000 of the new dimes will be turned out within the next four months.

The new piece bears the figure of a Grecian woman on the reverse side and the bundle of rods and the axe of the Roman legions on the obverse.

Superintendent Joyce also announced that within the next two weeks work will be begun on the new 2-cent piece, while the making of the new half-dollar will not be started until the early part of October.

The newly designed quarter on one side has the full figure of a woman coming through a gate in a wall, and the reverse side shows an eagle in flight. The 50-cent piece bears a full-length figure of the Goddess of Liberty holding olive branches, while the reverse design is that of a spread eagle standing on a rock.

INJUNCTION ISSUED AGAINST FREIGHT CUT

Texas Roads Appeal to Court Against Board's Decision.

ATLANTA, Ga., Sept. 3.—Federal Judge Pardee granted an injunction against the Texas railroad commission to restrain cancellation of increased freight rates recently authorized.

Over 80 per cent of the Texas railroads signed the injunction petition. The petition claims that the rates set by the Texas commission conflict with those fixed by the Interstate Commerce Commission.

The constitutionality of the Texas commission's act also is attacked. The commission was ordered to show cause before the United States district court, September 25, why the injunction should not stand.
